Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Monday 16 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloudy and cool with outbreaks of rain on Tuesday.

This Evening and Tonight:
A few late sunny spells continuing into the evening but cloudier in the west with the risk of a passing shower. Overnight, cloud builds from the northwest bringing outbreaks of rain through the early hours. Fairly cool and breezy. Minimum temperature 11 deg C (52 deg F).

Tuesday:
A cloudy and wet start, with outbreaks of rain continuing at times through the day. A few late brighter spells developing in the north through the evening, patchy rain elsewhere. Maximum temperature 18 deg C (64 deg F).

Outlook for Wednesday to Friday:
Often cloudy on Wednesday with some outbreaks of showery rain at times. Some sunny spells and isolated showers on Thursday. Increasing cloud bringing spells of rain later on Friday. Cool.
